

Product so good it's worth stealing from my suitcase!!

Hi and apologies that it's been a little while since my last newsletter.

Reason being we've been overseas. Dying to fill you in. I took a 2 week trip to Singapore, Kuala Lumpur and Hong Kong. We attended a 2 conference up in Hong Kong where I learned more about the new addition to the skincare line I've been faithful to for 10 years.

So what was stolen?

I'm just as blown away by it as anyone, but my account of what I think happened is absolutely true.

My new range which is called Sense Blanc Radiance (pronounced Sonsay Blonk Radiance) is specifically formulated to remove hyperpigmentation, pregnancy mask, age spots and generally make the skin look lighter, firmer and younger. And believe me it works! I'm in love with the stuff. It's new to Australia so I took the opportunity while in Hong Kong to learn from the expert!

Well, we were all offered a great price while in Hong Kong for a full program of serum and masks and I excitedly bought some. I packed it away in my suitcase and by the time I got home, all that was left in my case was the empty outer packaging.

Turning it into a Positive!

What! How can I be positive you may ask? I'll admit I'm really sad that something was taken from my suitcase especially my favourite exclusive skincare. Check it out – that's the empty packaging that was left shown above. My shopping, jewellery and other possessions were completely left alone.

So!! Whoever saw it, knew how fabulous it is and snaffled it. I hope there's someone in Hong Kong now enjoying it and realizing how fabulous it is.

My lesson!

I need to always turn everything that happens into a positive, otherwise we'd go nuts wouldn't we!
